

I am concerned about the changes that might take place regarding LPFM broadcasting and the effect it would have on our ability to listen to K-Love. I can't emphasize strongly enough the positive impact this station has had on our family. K-love provides my teenagers with music that is uplifting and a valuable alternative to the depressing messages heard on other stations that serve the youth culture. I, our children, and others in our community who also listen to K-Love would be greatly disadvantaged if we lost this positive influence. It is so hard to raise strong, good kids today and parents need desperately alternatives such as K-Love to help support us in the process. Please, please do not do anything that would jeopardize this resource we have. K-love is an alternative to the "Janet Jackson" approach to entertainment. Thank you, Nancy Marcacci
